NORTH SHORE TECHNICAL HIGH SCHOOL

To the Class of 1999:

Congratulations, you have attained one of the many milestones in your long life journey. You are now high school graduates and even better, vocational-technical high school graduates!

All of you have worked long and hard to attain all the successes that come with getting your diploma and vocational certificate. The knowledge and skills you have learned in your trade areas and the classroom will serve as the foundation upon which you must build for the future.

In addition to your shop and classroom performance, you are all to be proud of your achievement in co-curricular activities and athletic programs. You are to be commended for your participation - yes, it was worth it - the early morning bus ride to Middleton and the late bus ride home well into the evening.

The talents of the class are many - VICA and DECA Awards, and representing North Shore Tech in the cheerleading competition as well as the dedication and hard work of the volleyball team and their qualifying for the state tournament; the soccer team in developing a winning spirit and the football team on its successful season, ending with a 9 - 1 record. I also know that the winter and spring teams will have had great participation and success.

All of you should take pride in your many accomplishments in all areas. I compliment the staff for their help and assistance to you over the years.

Again, congratulations and good luck in all of your future endeavors. We expect great things from all of you regardless of the road you choose to travel upon graduation.

Sincerely,

A handwritten signature in cursive script that reads "Edmund W. Barry, Jr." The signature is written in dark ink and is positioned above the printed name.

To the Class of 1999:

Let me be the first to congratulate you on the occasion of your graduation from North Shore Technical High School and commend you most highly for your extraordinary achievements. You have impressed me throughout your four years as truly outstanding students. You have been hardworking, trustworthy, and loyal.

During the past four years, I have watched you grow more confident in your abilities and I have been pleased to see that growth. You have contributed much to your school, and that contribution has helped your own development.

You are now ready to take on the world and the whole world is open to you. Your teachers are talented, dedicated individuals and they have taught you well.

As you enter into this next phase of your life remember to challenge yourselves and also remember North Shore Tech, for we will always remember you.

My very best wishes to you all.

Sincerely,

A handwritten signature in dark ink that reads "Amelia P. O'Malley". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Chuck Mekolsky

Chuck was a former employee of North Shore Technical High School and sports writer for the Salem Evening News. Chuck's sudden passing in July of 1998 left a void in North Shore Tech's Athletics program.

Chuck's love of covering sports for North Shore Tech didn't go unnoticed by the Athletic department and the Coaches. Chuck loved the underdogs and throughout the years he was part of the growing pains of the Athletic programs here at the Tech.

Chuck always made sure North Shore Teams were mentioned in the sports pages of The Salem News. Chuck's greatest thrill was covering the 1997 Football Team. Chuck always picked North Shore to "Win" the game in his weekly selection. We believe this was Chuck's way of motivating the football team.

The football team won the Super Bowl in 1997 ending a dream come true for Chuck. The 1998 Football team dedicated their first home game of the season to Chuck. We know somewhere up there Chuck predicted the win. Chuck is sorely missed in the halls and the playing fields at the Tech but his larger than life personality will always be in the minds of the students and staff here at North Shore Tech.

May You Always Rest In Peace!

Coach Neenan was one of our freshman football coaches and will be greatly missed. He was always there for his team with a word of encouragement and support. His love of football and teenagers was evident in everything he did. We present his picture along with the freshman football team of 1998.

The thing I'll miss the most is playing football for N.S. The way I feel when the gym pounds to "Thunder Struck" I'll never forget the way we hit. The way my superbowl ring shines with pride. The road to the bowl and all the pain, practice, and hard work it took. We accomplished our goal by playing "together". To next years leaders-It's up to you to keep it going. Show the younger kids what N.S. Football is all about. Thank you to Mr. Mac and Coach Worth. I could never have made it without you. I love you. Good luck next year.

Hek yeah, I graduated. My first 2 years I struggled. The last 2 were just about perfect. I enjoyed my 4 years learning culinary. My teachers were very intelligent. I had the best Special Ed teachers too. I averaged 2 honor rolls a year. My grades were usually A's and B's. My favorite class was Phys Ed. My favorite shop department was the restaurant line. For sports I played baseball for 4 years. I enjoyed playing for Mr. Worth. I was not much of a runner but I was a great hitter. I was a Left Fielder. My goal is to be a chef.

I would like to thank Mr. Dumais for his help over the last four years. I would also like to thank Mrs. Rodolico and Mr. Averback for their help with my academic subjects. Thanks to Mr. Mac for helping me find a job.

Its amazing how fast 4 years went. During that time it seemed to take forever. I will probably be back for post grad. I will not be looking forward to seeing most of the teachers. I will definately be glad not to have class. No offence to the academic teachers but I just never liked class. I would like to say goodbye to all the teachers I've had. I just have to say a few things to some of my friends. Ray has got to slow down talking, and Grank has to stop smiling it makes me sick. Well that's about it, Bye.

What I remembered the most in my four years I have been in this school is: All the accidents on the way home from school and the time Matt S spun out in the back parking lot. The funniest thing was when the unbomber drove a car off of a lift. I also remembered the time we all got in trouble for doing burnouts leaving the parking lot. I'd like to thank all my friends for being there for me and all my teachers including Mr. T and Mr. D and a special Thanks to the "KGB" Goodbye MF.
